Theme: *Byron & Latin Culture*
Conference Proceedings**

Faculty of Philosophy and Literature, University of Valladolid

For the first time, the proceedings of an International Byron Conference are being published on the Internet.

It is hoped that as many papers as possible will be published in this form. A book of selected papers will follow in due course, but in the mean time it will be fascinating to see the papers given at this highly successful conference appear on the Society's website.

Our peer review panel consists of

Dr Peter Cochran, Newstead Byron Society
Professor Michael O'Neill, University of Durham
Dr Alan Rawes, University of Manchester
Dr Maria Schoina, Aristotle University of Thessaloniki
Professor Andrew Stauffer, University of Virginia
